

Job Title:	Sign Fabricator
Reports to:	Department Supervisor

About Curb Signs Inc.

Curb Signs Inc. specializes in manufacturing custom made signs. As a full-service provider of innovative and high quality signs, we are dedicated to surpassing industry standards with exceptionally crafted products that stand the test of time. We work with nothing but the best because we know that product excellence starts with top of the line equipment and materials. We also pride ourselves on being the most knowledgeable and skilled individuals in the industry as we continue to stand for the highest quality products available.

Job Purpose

The *Sign Fabricator* is responsible for fabrication and machine operation duties. He/She/They will program equipment and provide support as needed on the CNC, laser cutter, large format and 3D printers. The fabricator will also be responsible for work involving the Accubend, WeldMaster, grommeter, painting, as well as LED & electrical wiring.

Duties & Responsibility

- Participate in production meetings
- Work closely with designers and production team
- Receive project proofs and guidelines from Project Manager
- Determine what materials are required, communicate with the project manager, and create a plan for fabrication
- Prepare files and machines for production
 - Responsible for preflight and set up of files
 - Operate and maintain all associated equipment (CNC, Laser Cutter, Massivit 3D Printer, & AGFA JETI Tauro H2500)
 - Assist other machine operators to set up machines.
- Fabricate various types of products utilizing: aluminum, steel, acrylic, polycarbonate and PVC
- Responsible for various methods of fastening: epoxy, rivets, hardware, nuts/bolts, VHB tape, and what is suitable for application
- Responsible for various application of vinyl and application tools and equipment.
- Prepare substrates for routing & painting (cutting, sanding, gluing, vinyl application)
- Prepare projects for painting (sanding & applying epoxy resin to blemishes)

- Sign assembly & light fabrication using various metals & plastics using hand tools & shop equipment.
- Receive and organize materials
- Prepare stock, gage inventory, and submit material requests to Project Manager
- Perform housekeeping (daily clean up) and general labour duties as required on a daily basis.
- Adhere to applicable Health & Safety Standards
- Other duties as assigned

Qualifications & Requirements

- Must have at least 1 year experience operating all power tools and equipment necessary in the manufacturing of signage including brakes, presses, drills, saws, cutting tables and all other general tools.
- Previous experience in fabrication (or welding) and CNC operations.
- Must be able to interpret assembly instructions, blueprints & sketches
- Strong attention to detail
- Strong ability to work individually and within a team
- Ability to communicate clearly, both verbally and written

How to Apply

- Submit resume to HR@curbsigns.ca with the subject line “RE: Sign Fabricator”

We thank all applicants for their interest in Curb Signs Inc. Only those candidates selected for an interview will be contacted.
